Easy installation

The installation is very easy. In 5 steps, Ultimate KNX is setting.

1. Discard the mounting frame of the KNX module.
2. Fit the new frames on the back box.
3. Connect the cables to the KNX module.
4. Insert the module into the frame.
5. Click on the front plate.

KNX Access Control RFID Card Reader

MTN6903-6014 KNX Access Control RFID Card reader glass, black

Main

Range of product	KNX
Product or component type	Access control card reader
Technology type	RFID
Device presentation	Insert with central cover plate
Bus type	KNX
Colour tint	Black brilliant

MTN6903-6114

KNX Access Control RFID Card Holder

MTN6903-6114 KNX Access Control RFID Card holder glass, black

Main

Range of product	KNX
Product or component type	Access control card holder
Technology type	RFID
Device presentation	Insert with central cover plate
Bus type	KNX
Colour tint	Black brilliant

MTN6903-6214

Room Temperature Controller

MTN6903-6214 KNX Acc.Control RTC glass, black

Main

Range of product	KNX
Product or component type	Room temperature controller
Device presentation	Insert with central cover plate
Bus type	KNX
Colour tint	Black brilliant

MTN6903-6300

Access Controller

MTN6903-6300 KNX Acc.Control eSuite+PC

Main

Range of product	KNX
Product or component type	Access controller
Processor name	X 86 based (INTEL, AMD) 1600 MHz 4 GB DDR SDRAM
Chipset type	AMD
Video controller type	Radeon HD6320
Operating system	Windows 7 multi-language

MTN6903-6301

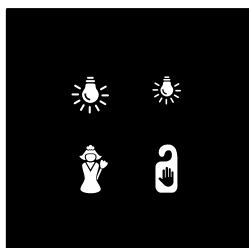

Access Controller Card Programmer

MTN6903-6301 KNX Access Control USB card prog.

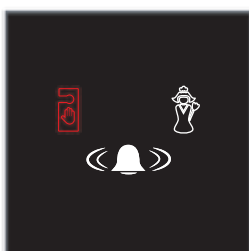

Main

Range of product	KNX
Product or component type	Access control card programmer
Device presentation	Complete product
Colour tint	Black
